

This image shows a UI design for a form titled "Add A New User". The form is presented as a modal window with a light orange header bar containing the title and a close button (X). The form fields are arranged vertically: "Assigned to" and "Username" are side-by-side text inputs; "Email Address" is a single-line text input; "Password" is a single-line text input; "Admin Role" is a dropdown menu currently showing "-- None --"; and two checkboxes, "User is Super Admin" (checked) and "User is Disabled" (unchecked). At the bottom right, there are "Cancel" and "Save" buttons. The background shows a blurred interface with tabs like "Messages", "Keywords", "Contacts", and "Notifications".

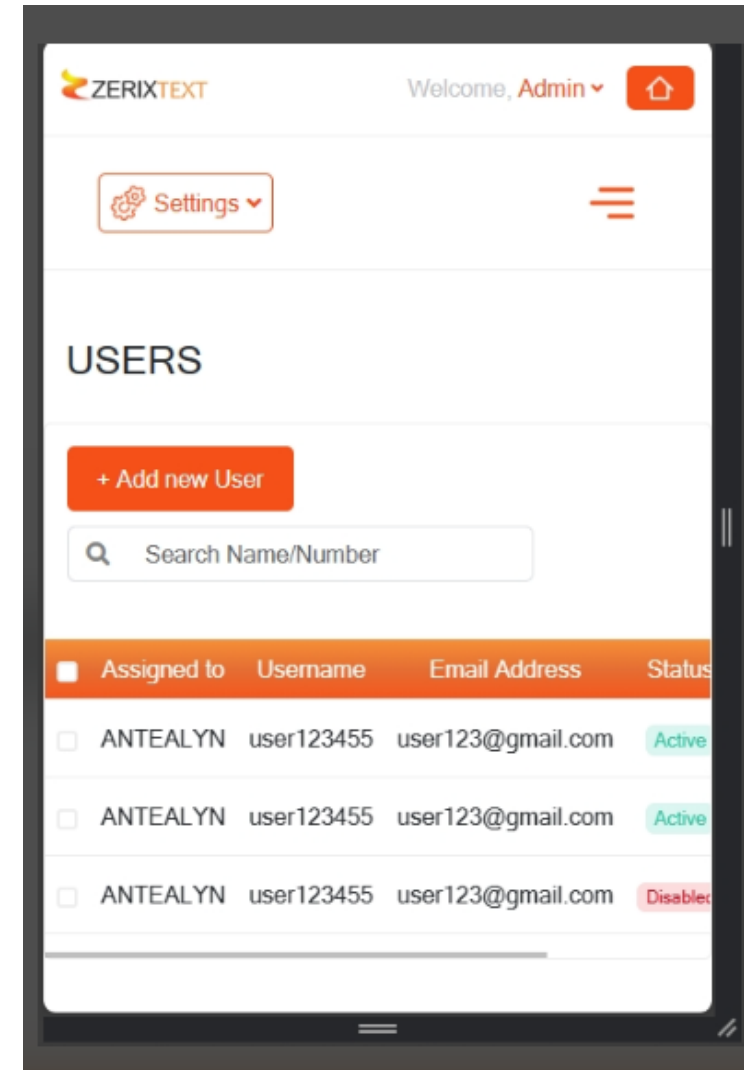

UI Design

This image shows the front-end implementation of the "Add A New User" form. It is a modal window with a light orange header bar containing the title and a close button (X). The form fields are arranged vertically: "Assigned to:" and "Username:" are side-by-side text inputs; "Email Address:" is a single-line text input; "Mobile Number:" is a single-line text input; "Password:" is a single-line text input; "Admin role:" is a dropdown menu currently showing "--None--"; and two checkboxes, "User is super admin" (unchecked) and "User is disabled" (unchecked). At the bottom right, there are "Cancel" and "Save" buttons. The background shows a blurred interface with icons for "Messages", "Email", and other system functions.
